

Summary of changes to our Fund Rules

This document is a summary of the changes to the Bupa HI Pty Ltd Fund Rules. From 1 June 2017, a new and easier to understand set of Fund Rules will apply to your policy. We've also revised how some of the Rules work. You can access our new 2017 Fund Rules [here](#).

You can access the full version of our existing 2016 Fund Rules (which includes product information) [here](#).

The following table outlines the changes that we will be making to our Fund Rules on 1 June 2017.

What is changing	How will it change
Changes to Living Well	<p>Based on customer feedback, we will be making some changes to our Living Well extras service to simplify the process, and give our members access to a broader range of exclusive member discounts on fitness, nutrition and wellbeing programs.</p> <p>From 1 June 2017, we are renaming the Living Well service on your extras cover to Health Management.</p> <p>Under Health Management you may be eligible to claim money back on certain programs and products that help you manage your health, including weight management programs, nicotine replacement therapy, and health subscriptions to Diabetes Australia and the Asthma Foundation.</p> <p>You will no longer be able to claim benefits for selected Living Well services including gym memberships, kids' swimming programs, yoga and Pilates. You'll now have access to a broader range of exclusive member discounts on fitness, nutrition and wellbeing programs through Bupa Plus. Visit bupaplus.com.au for more information.</p>
Clarifying the definition of a 'Private Room'	<p>We know you have certain expectations when you choose to stay in a private room in a public hospital. So do we, and that's why we've updated our Fund Rules definition from 1 June 2017 to explain that it's a room that is purpose built for a single admitted adult and includes an ensuite. Your hospital will be across this.</p>
