

# Bupa Hospital Listing

## Bringing you greater value and certainty

- Members First and Network Hospitals – we've entered into special agreements with these hospitals to help reduce or eliminate your out-of-pocket hospital expenses.
- A private room or money back at Members First hospitals.\*
- Special benefits at Members First hospitals.#
- Our Medical Gap Scheme is designed to reduce or eliminate your out of pocket doctors' fees.
- There will be no-gap for accommodation or doctors' fees for services included in your policy at Members First day facilities.^
- Fixed Fee Hospitals – we've negotiated with these hospitals to limit your out of pocket accommodation expenses to a fixed amount. This means more hospitals – each offering certainty over costs – for you to choose from.
- Fixed Fee reimbursement for members who hold Ultimate Health cover.

### Please note the following indicators in the hospital listing:

- ▲ This hospital may charge a fixed daily fee for psychiatric services.
- ◆ This hospital may charge a fixed daily fee for rehabilitation services.
- This hospital may charge a fixed daily fee for all services.

**Note:** Ultimate Health Cover members will be reimbursed if charged a fixed daily fee by any of the hospitals identified in this list as charging a fixed daily fee.

- Please contact the Practice Manager to ensure gap free medical.

This lists private hospitals and day surgeries at which members will experience certainty about the costs associated with their hospital treatment. At most hospitals in this list, members will have a no out-of-pocket experience for their hospital treatment (except for any excess or co-payment that may apply to your level of cover).

Members First Hospitals provide a private room for pre booked overnight admissions or \$50 back if one is unavailable. At Members First Day Facilities, there are no out of pocket medical expenses (e.g. specialist's fees). You're covered for accommodation and theatre costs for Medicare recognised procedures performed at these facilities, but any co-payment or excess related to your level of cover will still apply.

At a small number of hospitals, members may be charged a fixed daily fee. This fee is charged per day and capped at a maximum number of days per stay. The hospital will inform you of the out-of-pocket expense when you make a booking. The fixed daily fee charged by the hospital is in addition to any excess or co-payment you may have as part of your hospital cover. These facilities are identified on the list by the following notations: ▲, ◆, ●.

As this list is subject to change, we recommend that you call us first to confirm that your hospital of choice gives you certainty of cover.

\*You must book and request a single room in a Members First hospital at least 24 hours before admission. If you don't get a single room you'll receive \$50 a day from the hospital for every day you're not in one. Applies to overnight admissions only. Excludes nursing home type patients, emergencies, same day admissions or where a single room is medically inappropriate.

#Includes a daily newspaper, local phone calls and free-to-air TV at no additional cost. We've also negotiated maternity care at Members First Hospitals that provide obstetric services. Maternity care provides mothers with support and educational services regarding childbirth and parenting.

^Any excess or co-payment relevant to your cover will still apply.

## Australian Capital Territory

### Members First Hospital

Deakin	Calvary Health Care ACT – Calvary John James Hospital
