Healthcare in Australia

We draw on over 65 years experience and understand that healthcare can be confusing to new visitors. That's why we aim to provide the best advice and support to help you find what's right for your needs.

What is Medicare?

Medicare is Australia's public healthcare system - for all citizens, permanent residents, and some applicants for permanent residency. It provides free or subsidised cover for certain healthcare services.

The Private Healthcare System

The private system includes health insurers like Bupa, who work with Medicare to provide Australians with access to medical services and health providers.

Do I have access to Medicare?

If you're applying for a student visa, a current student or looking to extend your student visa you will not generally have access to Medicare.*

*Students from reciprocal health countries may have access to Medicare for some services, however may still require OSHC. Visit <https://www.humanservices.gov.au/customer/enablers/health-care-visitors-australia>

What is Overseas Student Health Cover?

Overseas Student Health Cover (OSHC) helps ensure you'll be covered for the cost of medical treatments if you get sick or have an accident. The Australian Government requires you to have OSHC for the duration of your study period in Australia.[#] When you lodge your visa application with the Department of Home Affairs you must show proof of your OSHC.

Meet visa requirements

To be 100% sure you comply with the Australian Government's insurance requirements.

Protect yourself from the unexpected

If the unexpected happens during your stay you can be covered for treatments and medical care.

Unlimited emergency ambulance

We'll take care of the cost of all emergency transport and on-the-spot treatment by our recognised providers.

Convenience

Get peace of mind by choosing where and when you'd like to be treated at Members First and Network Hospitals.

There are 3 different types of membership available

Single

Cover for student only.

Couples

Cover for the student and their partner as listed on the student's dependant visa.

Family*

Cover for the student, their partner and their dependent children under 18 years of age if they live with the student in Australia.

Student is defined as the primary student visa holder.

To be eligible for OSHC you must hold a student visa, be in the process of applying for a student visa or be on a bridging visa while applying to extend your student visa. [#]Students from selected countries may not need OSHC. Visit border.gov.au/Trav/Stud/More/Health-Insurance-for-Students for more details. *OSHC does not provide cover for extended family members, such as your mother, father, brother or aunt. If these family members come to Australia to visit you, we can provide them with their own overseas visitors cover. Contact us on 134 135 for more details.
